Terms and Conditions

- **Activation Fee:** A \$35 activation fee applies to all DSL, T1, Ethernet, Wireless, and Integrated Access orders.
- **Sales Tax:** Equipment sales tax will be charged based on the retail cost of the CPE, even if cost is waived or rebated.
- **Disconnections:** Customers who disconnect within 30 days after installation will be billed for CPE unless it is returned per Covad RMA instructions.
- **Tier 3 and Tier 4:** These pricing plans are **not eligible** for Covad offers or promotions except for Business T1.
- **Covad Business Ethernet Offers:** For *Business Ethernet–SDSL* and *Business Ethernet–EoCu*, Covad provides to customer the Ethernet gateway needed for Ethernet handoff to the customer's LAN. Covad manages and maintains the equipment and retains ownership of it. Customer must return the Ethernet gateway to Covad upon disconnecting the service.
- **Covad Wireless Offers:** Covad Wireless manages the equipment and retains ownership of it.
- **Covad Business T1 Price Match Guarantee:** *Monthly recurring price match* effective from July 1 - 31, 2010 for Covad Business T1 services within Covad's service area. Customer must present a valid quote dated within the promotion period showing all pricing aspects for the same T1 service at the same location. Covad reserves the right to refuse to match a price at its discretion. Free installation and equipment promotion, as well as Covad's standard 30-day satisfaction guarantee, will apply.

About Rebates

- Rebate claim deadline: 08/31/10. Offer numbers: **7250** for qualifying **DSL** offers, **7251** for qualifying **T1** offers; claim rebates at <https://covad.rebatestatus.us>
- Customer can submit Covad rebates once order is placed; rebates will be processed once customer is installed and billing for at least 30 days—rebates may take up to 10 weeks from that date.
- Business DSL rebates **do not** apply to new lines booked on Business DSL v.07.

** Business DSL Plus waived installation and router rebate offers are not available in New Edge Networks extended coverage areas.
